

COBRA II

8" Belt Sander

Description

The next generation PALLMANN® COBRA II delivers a smooth, aggressive sanding experience while providing special safety and comfort features. The sleek chassis and handle design provide quieter operation, improved sight lines, closer wall operating tolerances and adjusts to the user's individual height and stride. The unit's single drive belt technology is unique in the industry and delivers maximum power transfer to the drum.

Features

- Heavy duty construction
- Single serpentine drive belt
- Industry best feathering handle
- High fan capacity
- Variable sanding pressure adjustment
- Detachable handle and motor
- External sanding belt adjustment

Benefits

- Long-lasting durability
- Provides maximum power to drum
- Smooth, easy drum operation
- Super effective dust suction
- Correct surface preparation
- Easy to transport
- Safer operation
